

18th August 2007

Thank you so much for a wonderful stay, we are just packing our things & everyone is sad to go. We have particularly enjoyed the pool & tennis court (I don't think our families have ever been so active!)

The farmhouse is in a great location and we all had so much space to go off and do our own thing but come together for games in the pool and delicious meals around the picnic table, under the tree, on the terrace (the options are endless!)

Dad particularly enjoyed the hammock, in fact it was so popular we had to limit the time on it!

We will definitely be coming back, you certainly have not seen the last of us yet!

Goodbye, with lots of love,

P.S. Recommend the giant Picaella night in La Roque.
