		<p>Another lovely holiday in this very comfortable villa. Still finding new places to visit despite having visited the region many times before. Worth visiting is Costello d'Empuris in Spain, (nice coffee bars and restaurants - cheaper than France!) and nearby Nature Reserve at Aiguamolles. Also Cadagnés - El Pescador's restaurant has best fish in Spain! Counting the weeks to 2011 already! Note - the Cafe d'Artistes in Laroque has free WiFi</p>
